APPLICATION FOR ATTENDANCE FOR UTAH RESIDENT STUDENTS NOT LIVING WITH A PARENT OR GUARDIAN

Iron County School District requires a responsible adult to be accountable and responsible for each student attending district schools. There are occasions where students live away from home and away from legal parents or guardians. In those cases, the adults they live with must act as that responsible adult and assume the accountability, liability, and responsibility in the event that situations arise where accountability, responsibility and liability for the student is necessary. Such cases may be, but are not limited to:

1. Accidents, where a responsible person is required to sign for the student to receive medical treatment.
2. Permission to participate in field trips, sports, and activities.
3. Violations of the law by the students, such as assaults, thefts, or vandalism, where restitution an/or court appearances are required.

I certify that I will assume any responsibility, liability, and accountability for

(Student's Name Living Away From Parent or Guardian)

that may occur at school or school activities. I will also be the responsible adult to receive all communications and grades from the school in the student's behalf.
