

ICSD Facilities and Logistics Reopening Solutions Planning
Facilitator: Todd Hess

Repopulation Schools Requirements:

- Enhanced Environment Hygiene and Safety
 - Develop protocols for implementing an increased cleaning and hygiene regimen
 - Make hand sanitizer, disinfecting wipes, soap and water, or similar disinfectant readily available to staff/students/visitors in controlled environments to ensure safe use
 - Consider recommendations included in this category

Implementation of Mitigation Tactics in School Settings Requirements

- Transportation
 - Face coverings for students, staff, other passengers; LEAs may make exceptions for unique student circumstances. Consider the recommendation that students should not be refused transportation for failure to wear a face covering.
 - Implement strategies to ensure driver safety
 - Develop protocols for minimizing mixing of students from different households and regularly cleaning and disinfecting seats and other high-touch surfaces.
 - Consider recommendations included in this category
- Restrooms
 - Provide education and display signage on proper hand hygiene
 - Create schedule for cleaning high-touch areas (e.g., faucets, paper towel dispensers, door handles)
 - Ensure PPE (gloves, masks) is available for staff providing support in restrooms, including custodians
 - Provide training for proper cleaning protocols for COVID-19
 - Consider recommendations included in this category
- Cafeterias
 - Mark spaced lines and designate serving line flow paths
 - Remove self-service salad bars and buffet (already eliminated in ICSD)
 - Food service workers wear face coverings and gloves
 - Student hand hygiene routines (i.e., hand washing or sanitizer) before and after meal services
 - Increase cleaning and disinfecting of high-touch areas
 - Consider recommendations included in this category
