

Dear Parents,

We are grateful for the support and patience you have shown as we have been working to provide education services for our students since mid-March. We are now planning for the reopening of our schools and would like to get your input as to school participation in the fall. The purpose of this survey is for planning only. Your responses do not or will not affect your ability to send your students to school in the fall. This information will help us in preparing staff and curriculum for the varying needs that will exist. **Please fill this survey out for each of your students attending Iron County schools.**

Sincerely,

Superintendent Shannon Dulaney

- Which of the following best describes your feelings regarding your child's participation in school in the fall if schools in Iron County are allowed to reopen?

My student will attend school full-time for in-person instruction.

My student will attend school, but I would like a blended learning experience (part-time in-person instruction and part-time online instruction), if provided.

My student will not attend school, but would participate in online instruction, if provided.

I plan to homeschool my student until I feel comfortable that the COVID-19 threat has passed.
